

Explanation of Hope

Candidates' Fee

Schedule Is Due

Yesterday The Star published a statement from a subcommittee of the Hempstead Democratic Central Committee outlining the fees for Hope city candidates and the charges against suburban towns in the county for the forthcoming primary elections.

Hope candidate fees were set as follows:

Mayor, \$450 without opposition; \$250 with.

Treasurer, \$125 without opposition; \$75 with.

Aldermen, \$80 without opposition; \$40 with.

Lump charges against each of the county's suburban corporations were fixed as follows:

DeVilbiss, \$75.

Pullon, \$75.

Washington, \$50.

Ozan, \$50.

McCaskey, \$50.

Oakhaven, \$50.

As late as 1949 Hope maintained a City Democratic Central Committee, but after its dissolution the fee-fixing authority passed to the County Central Committee. The purpose of this editorial is to compare the level of fees charged against City of Hope candidates by the old City Committee back in 1949 with the schedule assessed today by the County Committee.

Checking the records I found that the last custodian for the old City Central Committee was Ray E. McDowell, secretary, and on demand Mr. McDowell disclosed his 1949 file.

The file shows minutes of a meeting of the City Central Committee held January 8, 1949. It was called to order by Charles Wylie as chairman. Other members answering the roll call were: J. P. Duffie, B. R. Hamm, Marvin Watterson, W. W. Compton, O. L. Bowden, and Mr. McDowell.

Fees for City of Hope candidates were set as follows:

All Aldermen, \$15 each.

All other candidates, \$25 each.

Aldermanic candidates who paid \$15 each, as evidenced by the file of signed pledges, were: LaGrone Williams, Webb Laseter, Jr., Dorsey McRae, Jr., Frank Douglas, and George W. Peck.

Lyle Brown paid \$25 fee as a candidate for mayor.

Charles E. Reynerson paid \$25 for city treasurer.

W. Kendall Lemley paid \$25 for municipal judge.

The file of cancelled checks shows that election officials serving in the city primary of March 3, 1949, were paid \$3 each.

Mr. McDowell's final bank statement shows that after collecting the foregoing schedules of candidates' fees and paying the election officials, printer's and all other expense items he had a final balance of \$57.51, deposited in the Citizens National Bank to the credit of City Democratic Central Committee, care of J. P. Duffie.

Our information is that this \$57.51 account after laying dormant some time finally was paid over to the County Central Committee.

In view of this detailed history of a city committee operating through one election period only four years ago it seems proper to The Star to demand an immediate explanation and revision of the fee schedule announced yesterday for the City of Hope and the suburban corporations.

UN Seeking Extension of Prisoner Swap

By ROBERT B. TUCKMAN

PANMUNJOM (AP) — The United Nations today sought an indefinite extension of the exchange of sick and wounded prisoners of the Korean War as 40 more Americans returned to freedom.

The 40 brought the total of Americans liberated in the past five days to 119 — one short of the 120 promised originally by the Reds.

However, in keeping with a promise made Thursday, the Communists said 17 more Americans would be included in the 100 Allied troops returned Saturday. The Reds said four more British, four Turks and 75 South Koreans also would be exchanged then.

The Reds have returned 500 Allied prisoners, as scheduled. They have received 2,499 Communist disabled, including 700 Chinese at a rate of 500 a day except for today, when one North Korean refused to return.

The U. N. will return 500 more Reds Saturday.

In another tent at this "neutral zone," liaison officers met for the second time this week. The Communists asked a one-day postponement of the resumption of full-scale armistice negotiations which had been slated for Saturday.

They said there were administrative reasons and Rear Adm. John C. Daniel, chief U. N. liaison officer, readily agreed.

Trapped Bank Robber Shoots 2, Kills Self

ST. LOUIS (AP) — One bandit shot and killed himself, two others were wounded and a policeman was shot in the head here today in an attempted bank hold-up.

One bandit, trapped in the bank with capture imminent, shot and killed himself as police poured tear gas into the bank. About 20 persons, including employees, took refuge in the basement.

One bandit, driving the getaway car, escaped uninjured. Two of the other robbers were wounded, one in the back and another in the foot. The condition of one was reported serious.

The robbers were surprised by two policemen, who were cruising within a couple of blocks of the Southwest Bank in the 2300 block of busy South Kings highway in West St. Louis.

The two policemen were at the bank minutes after an alarm had been sounded by an employee at 10:15 a. m.

One of the policemen, Cpl. Robert Heitz, 41, went to the back entrance of the bank. The other policeman, Patrolman M. F. Stein, went to the front entrance.

Stein reported hearing one shot, the one that struck Heitz in the head. Stein looked through the window and saw one bandit, armed with a machine gun, approaching the front door. The bandit was using a woman customer as a human shield.

As the bandit made a break for the door, Stein fired. The bullet struck the bandit above the belt on the right side.

A second robber, carrying a satchel, was trapped in the back corridor of the bank as police reinforcements sped to the bank. They were armed with tear gas.

Heitz was rushed to city hospital as were the two wounded bandits. The condition of Heitz was not immediately determined but he was still conscious upon arrival at the hospital.

James West Is Injured in Wreck Near DeQueen

DEQUEEN — James P. West, inspector for the state board of Pharmacy, received extensive bruises and a mild concussion late Wednesday as the result of a non-collision accident about two miles north of the county line in Polk County on Highway 71.

West's car overturned after leaving the road on "Herring Hill" and a passing motorist brought him to DeQueen.

His condition Thursday was described as "good" at DeQueen General Hospital and he probably will be released soon. Mr. West is a former Hope resident.

Civilians May Take Control Over Military

WASHINGTON (AP) — Civilian control of the Defense Department may lighten and military influence diminish under the reorganization plans which President Eisenhower says he is studying.

And, for the first time since the late James Forrestal set out to form what he thought would be a small compact administrative agency, the size of the Pentagon administrative organization and those of the military services may shrink. Forrestal was the first secretary of defense, following armed service unification in 1947.

Ticks Causing Stockmen Trouble

Livestock in parts of Hempstead County are heavily infested with ticks this spring. They suck blood and make a heavy drain on the animals at a time when animals should be making their best gains, County Agent Oliver L. Adams asserted.

The Lone Star tick is the most common wood tick. The adult is light tan in color and gets its name from a white spot in the middle of the back. Adults are most common in the spring. They are followed in July by seed ticks.

In late summer and fall yearling ticks appear. All are stages in the life cycle of the Lone Star tick.

The Lone Star tick can be controlled by spraying livestock every two to three weeks during the tick season. In 100 gallons of spray use 10 pounds of 40 percent wettable toxaphene or 12 pounds of 50 percent wettable DDT powder, and 4 pounds 6 percent gamma BHC 1 1/2 pounds of 5 percent rotenone powder. Five pounds of cattle grub dust, containing 1.67 percent rotenone with wettable sulphur as the diluent, in 100 gallons gives the right amount of rotenone. In spray cover the belly, especially between the legs. Careful spraying is essential. Wet the animals completely.

DDT is very effective against flat ticks but does not kill engorged ticks on the animals. The combination of BHC or rotenone and DDT kills ticks on the animals and keeps any more ticks from becoming attached for several days. Toxaphene does a very effective job used alone.

Some livestock producers use dipping vats. Hempstead County has vats on the following farms being readied for use: Buster Gilbert, W. E. Cox, Vernon Pate, Oscar Rider, Sam Arnold, and Dr. G. D. Royston.

Since ticks climb up brush and rank weeds to wait for passing animals, clearing and mowing pastures greatly reduces the number of ticks.

PSC Okays Power Financing Deal

LITTLE ROCK (AP) — A financing program for the Arkansas-Missouri Power Corp., of Blytheville, Ark., worth 1.8 million dollars, has been approved by the Arkansas Public Service Commission.

The Commission yesterday authorized the company to issue 40,000 shares of 5 1/2 per cent preferred stock with \$25 par value. The company also can issue 47,413 shares of stock to present stockholders at \$17 per share on the basis of one share of new stock for eight shares of old.

Included in the program is the retirement of a short term bank loan made to acquire the common stock of the Associated Gas Company of Missouri and an expansion program.

The Missouri Public Service Commission and the Securities and Exchange Commission has approved the program.

Shivers Heads Suit Against Liquor Dealers

LITTLE ROCK (AP) — An official of the Arkansas Fair Managers Association today filed a suit charging that nine wholesale liquor distributors in the state have collected more than 1.2 million dollars in illegal markups of liquor prices over the past three years.

In his suit, Bob Shivers of Hope charged that wholesale dealers are adding the 3 per cent state excise tax on liquor to the 13 per cent markup which they are allowed under "fair trades" laws.

The suit was filed in Pulaski Circuit Court here.

Liquor dealers and operators of Arkansas stock shows and county fairs are engaged in a fight over a 1953 act imposing a new 3 per cent tax on liquor.

The disputed act would reduce the wholesalers legal markup from 13 to 10 per cent. However, the 3 per cent difference still would be charged on liquor as an excise tax to finance state and district livestock shows and county fairs.

The liquor dealers are circulating petitions to refer the act to a vote in the 1954 general election.

Lewis May Strike Against Labor Laws

WASHINGTON (AP) — John L. Lewis asked Congress today to strike from the law books "lock, stock and barrel" all labor laws passed in the last 21 years.

The burly mine workers' chief, in a prepared statement, told the Senate Labor Committee:

"This proposal is seriously made. The ever-rising tide of industrial strife in recent years and the repeated governmental interferences, under existing law and the bitterness engendered thereby

Class Visits Homes in Study Course

The third grade of Oglesby School has been studying about Brittany. The clothing, customs, homes and occupation of the people there have been interesting topics of study for the students.

Wood carving was one of the occupations studied for it is followed by many people in this French peninsula. Some hand carved wooden plaques, wooden chests, etc., including a hand carved Jesuit priest, all made in Brittany, were brought to school for study.

Then on Wednesday afternoon the class and Mrs. Welschberger, their teacher, visited the home of Mrs. Dolph Carrigan, who does wood carving and handpainting as a hobby. Mrs. Carrigan very graciously showed the children how she had done the exquisite hand carving on some of the furniture in her home.

She also showed them some old money part of which was printed before the Revolutionary War. One bill was a thirty-five dollar bill and another was a one-fourth dollar bill. These bills were printed in the name of The Crown.

The children saw many beautiful hand painted pictures and some China painted by Mrs. Carrigan. It was, indeed, an enjoyable and informative period for all.

When they returned to their class room, they each wrote a thank you letter to Mrs. Carrigan, and made arithmetic problems to find out how old the money was.

Ships Trying to Rescue Americans

SEOUL (AP) — Four U. S. warships steamed toward a bombardment from Communist shore batteries today in a bold operation to rescue wounded men from an Al held island at the entrance of Wonsan Harbor.

There was no report whether the ships were hit or whether the mission was successful, but the Navy said the ships and supporting Navy Pantherjets silenced the Red guns.

The ships were the light cruiser Manchester and destroyers Owen, Henderson and Epperson.

In the air, Capt. Joseph McConnell, a Sabre jet pilot from Apple Valley, Calif., was credited with downing his 10th MIG to become the Allies' fifth double jet ace. He also damaged another.

Another MIG was damaged by 2nd Lt. Douglas A. Lockwood Jr., of Winter Haven, Fla., the Air Force said.

All Around the Town

A century or more ago a young Indian or perhaps an old one, shot an arrow into a young hickory tree, somewhere within a 25-mile radius of Hope . . . the years passed, the Indians disappeared and the hickory sapling became a tree some 10 inches in diameter . . . the tree was cut and the logs sold to Split Hickory Handle Co., of Hope . . . yesterday while workmen were splitting the very heart of the hickory, the saw hit the flint arrowhead and was almost ruined . . . Brack Schenck, office manager of the plant, was exhibiting pieces of flint downtown yesterday and it could easily be determined that it was part of an arrowhead . . . so that's the story the way this reporter likes to think it happened and will think until somebody comes up with a better idea . . . it could and probably did happen like that . . . what do you think?

Jack's Newsstand, the only one in town, is scheduled soon to get a real facelift inside . . . Webb Laseter, Jr., owner, is going to remodel the building completely, install air conditioning, throw out all domino tables and confine business strictly to the sale of magazines, newspapers, pocket books, etc. . . and, of course, funny books.

Thirty-eight babies were born in Hempstead County during the past month according to the Bureau of Vital Statistics of the State Health Department . . . and this month there were more boys, 15 as compared to 13 girls which is unusual . . . there were five white boys and five white girls along with ten Negro males and eight Negro girls . . . there were two sets of twins, both Negroes.

lived in sodhouses then. But my mother refused to do it. She told the man that she wouldn't marry him until he built a real house for her.

Well, the poor guy finally rustled up the timber somehow in a period when Kansas wasn't noted for its lumber.

"Doesn't that only prove you come from proud flesh?"
"No," she said, "you just have to stand for something, that's all."

Mary Ann came to town in a wheel chair. Been discommodated for years. Fell and broke a bone. Bones are a real nuisance to a young girl in her eighties.

"Now, Mary Ann," I said, "tell me the truth. A lady in her eighties can certainly afford to. Were you ever a bad girl?"
"No," she said spiritedly. "I wasn't. I know that, and Mr. Hitchcock does, too. I will say, however, that after being married for 60 years to the same man a woman still has something to look forward to."

I asked why Mary Ann had bothered to make the effort at 82 to come all the way from South Dakota to New York, and she said, wryly wrinkling her dimple:

"I just want to know about life. . . I hear there is so much of it here."

A game girl on a game leg. "Mary Ann, I love you," born a generation beyond you — but with you.

both the reorganization and the money cuts about which the Pentagon administration of Secretary of Defense Wilson is talking.

In addition to the 3 1/2 million persons in uniform, the national de-

tense establishment now has about 1,300,000 civilian employees. A large number are clerical and labor employees. But there also are thousands in purely administrative work, in the Pentagon and throughout the nation.

And there are something over 900 boards, committees and councils. Sen. Taft (R-Ohio) emerging from a White House meeting yesterday at which Pentagon reorganization was discussed, made it plain some of these organizations within organizations are tabbed for termination.

According to Webster, one of the important meanings of the word proud is this: "Worthy of admiration; deserving praise."

Obviously, that definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration — and gets plenty of it everywhere. Pontiac's big-car roominess, its luxurious Body by Fisher, its smooth, easy-going ride — certainly these, too, are deserving of the praise they get.

And when you sit behind the wheel and feel the effortless surge from Pontiac's famous

power plant you'll know that you're driving a mighty proud performer.

As a matter of fact, the only modest thing about a Pontiac is its price — for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!

And when you're figuring price, be sure to remember Pontiac's remarkable re-sale value — the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

STEPS TO GOD

The Bible says for us not to neglect church attendance, Heb. 10:25. Here we find a family on the way up the steps to an hour of worship. The church is the strongest dyke against corruption and the evil forces that destroy human life. The church is the foe of the penitentiary. Jesus said, "I will build my church and the gates of hell shall not prevail against it," Matt. 16:18.

The church is not perfect... nothing human ever is. Even the Apostles chosen by Jesus had a Judas, but see the success He made of the other eleven. Christ loved the church enough to die for it and that makes it mighty important. Whether people worship in a tent, tabernacle or cathedral, they mean to be on God's side. Church-going people are people of Faith. Do you go to church?

"At first we had no medical attention and we had poor food, but they both got better," he said he received some letters.

He's still too surprised at his release to do any planning for his future, he said.
